Summary

Highly skilled Frontend Developer with over 10 years of experience in JavaScript, React.js, and modern frontend technologies, including 5+ years specializing in React and JavaScript. Proven ability to build efficient, scalable, and high-performance web applications with expertise in reusable component development, seamless API integrations, and optimizing user experience through best practices and innovative solutions.

Technical Skills

- **Core Frontend Technologies-**
: React.js (Hooks, Context API), JavaScript (ES6+, TypeScript), HTML/CSS (Sass, CSS-in-JS), Tailwind CSS Framework
 - **State Management:** Redux, Zustand
 - **Routing:** React Router v6
 - **Component Development:** React Storybook
 - **API Integration:** REST, GraphQL, TanStack Query
 - **UI Frameworks:** ShadCN, Material UI, Prime React
- **Build Tools:** Webpack, Babel, ESLint
 - **Testing:** Jest
 - **Backend Technologies:** Node.js, MongoDB, ExpressJs (Intermediate)
 - **Version Control:** Git, npm/yarn/pnpm
 - **Development Tools:** VSCode, Postman, GitHub Copilot
 - **Authentication & ORM:** Clerk, Prisma

Professional Experience

- June 2022 - Present

Accion Technologies India Pvt Ltd. - Bangalore, India.
Techanical Lead / React Frontend Developer
 - Designed and implemented reusable UI components using React.js and Material UI, reducing development time by 25%.
 - Led the optimization of application state using Redux and Zustand, improving app responsiveness by 40%.
 - Enhanced page load times by 50% through lazy loading, code splitting, and caching strategies.
 - Integrated AI-driven tools such as GitHub Copilot to accelerate feature development by 20%.
 - Conducted code reviews and provided mentoring to junior developers to ensure high code quality.
- January 2022 - May 2022

Phenom People India Pvt Ltd, Hyderabad, India.
Product Development Engineer II
 - Collaborated with cross-functional teams to develop responsive, accessible UI designs that increased user engagement.
 - Refactored existing components, improving maintainability and reducing technical debt.

May 2021 - January 2022	Accion Labs India Pvt Ltd, Hyderabad, India. Principal Software Engineer - React • Integrated backend APIs seamlessly, ensuring dynamic content rendering and optimal performance. • Improved application performance through memoization and critical rendering path optimizations.
April 2019 - April 2021	Shaster Technologies Pvt Ltd, Hyderabad, India. Senior UI Developer • Designed and developed scalable frontend solutions using React.js and TypeScript. • Implemented responsive and accessible design systems, adhering to WCAG standards.
August 2018 - April 2019	Argha Technology Pvt Ltd, Hyderabad, India. Senior Software Consultant
March 2009 - October 2017	Square Information's System India Pvt, Hyderabad, India Technical Lead/Software Developer

PROJECTS

June 2023 - Present	GridPro • Developed reusable layout components using React.js, Context API, and Material UI to ensure consistency and maintainability. • Worked closely with designers and product managers to meet functional and UI requirements. • Resolved complex bugs and optimized application performance, improving overall reliability.
June 2022 - 2023	Prizm Digital Library • Implemented a design system using Storybook, enhancing collaboration between design and development teams. • Refactored React components, leveraging memoization techniques to boost efficiency. • Improved developer experience by adding type annotations and optimizing existing code.

Education

AIIT, Hyderabad
Bachelor's Degree in Computer Science Engineering

Achievements

- Improved application performance metrics by 30% through innovative optimizations.
- Mentored and trained 6+ junior developers, fostering a culture of collaboration and skill development.
