

VINAYASENA REDDY KATTA

PROFESSIONAL SUMMARY

Senior Frontend Engineer with 13+ years of software development experience and 5+ years specialising in React.js, Next.js, and TypeScript. Experienced in designing scalable frontend architectures, optimizing performance, and building reusable design systems for large-scale web applications. Proven ability to collaborate cross-functionally and deliver high-quality, accessible user experiences. Passionate about modern web technologies, developer productivity, and building reliable frontend platforms.

WORK HISTORY

Technical Lead / React Frontend Developer, 06/2022 to 02/2026

Accion Technologies India Pvt Ltd - Bangalore, India

- Built scalable frontend architecture using **React, Next.js, and TypeScript**, improving application performance by **40%**.
- Designed and developed reusable UI components using **Material UI**, reducing development time by **25%**.
- Led the optimization of application state using **Redux** and **Zustand**, improving app responsiveness by **40%**.
- Implemented **lazy loading**, **code splitting**, and **caching** to significantly improve page load efficiency.
- Analyzed technical requirements and translated them into actionable development plans.
- **Mentored** junior developers, fostering a culture of continuous learning and professional growth within the team.
- Integrated AI-driven tools such as GitHub Copilot to accelerate feature development by 20%.
- Conducted **code reviews** to maintain high-quality standards and enforce best practices across development teams.
- Led cross-functional teams to enhance software development processes and improve project delivery timelines.
- Collaborated closely with product managers, designers, and backend teams to drive feature delivery and align technical solutions with business goals.

Product Development Engineer II, 01/2022 to 05/2022

Phenom People India Pvt Ltd - Hyderabad, India

- Collaborated with **cross-functional teams including product managers, designers, and backend engineers** to build **responsive and accessible user interfaces**, enhancing overall user engagement and usability.
- Refactored and optimized **existing React components**, improving code maintainability, and enabling faster feature development.

Principal Software Engineer - React, 05/2021 to 01/2022

Accion Labs India Pvt Ltd - Hyderabad, India

- **Integrated RESTful APIs** to enable seamless data flow and dynamic, high-performance UI rendering.
- **Optimized performance** using memoization (React.memo, useMemo, useCallback) and improved CRP to reduce unnecessary re-renders.

SKILLS

- **Frontend:** JavaScript (ES6+), TypeScript, React.js, Next.js
- **Styling & UI:** HTML5, CSS3, Tailwind CSS, Sass
- **State Management:** Redux, Redux Toolkit, Zustand, React Context API
- **Data Fetching:** REST APIs, TanStack Query, Axios, Fetch API
- **UI Libraries:** ShadCN UI, Material UI, Radix UI, PrimeReact
- **Frontend Architecture:** SSR, SSG, ISR, Server Components
- **Performance Optimization:** Code Splitting, Lazy Loading, Bundle Optimization, Core Web Vitals
- **Backend (Working Knowledge):** Node.js, Express.js, MongoDB, Prisma
- **Build Tools & Tools:** Webpack, Vite, Babel, Git
- **Development Methodologies:** Agile, Scrum, CI/CD, Code Reviews

ACHIEVEMENTS

- Improved application performance metrics by 30% through innovative optimizations.
- Mentored and trained 6+ junior developers, fostering a culture of collaboration and skill development.

EDUCATION

Bachelor's Degree, Computer Science Engineering
AIIT - Hyderabad

Senior UI Developer, 04/2019 to 04/2021
Shaster Technologies Pvt Ltd - Hyderabad, India

- Designed and developed scalable frontend solutions using React.js and TypeScript.
- Implemented responsive and accessible design systems, adhering to WCAG standards.

Senior Software Consultant, 08/2018 to 04/2019
Argha Technology Pvt Ltd - Hyderabad, India

Technical Lead/Software Developer, 03/2009 to 10/2017
Square Information's System India Pvt - Hyderabad, India

PROJECTS

GridPro | Technical lead/Frontend Developer

- Developed reusable layout components using React.js, Context API, and Material UI , improving UI consistency and maintainability across the application.
- Collaborated closely with designers and product managers to translate functional and UI requirements into scalable frontend solutions.

Prizm Digital Library | Frontend Developer

- Implemented a design system using Storybook , improving collaboration between design and development teams and ensuring consistent UI components.
- Refactored React components and applied memoization techniques to enhance rendering performance and application efficiency.
- Improved developer experience by introducing TypeScript type annotations and optimizing existing code for better maintainability.
